DETAILED ACTION

Allowable Subject Matter

1. Claims 1-8 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Claims 1 and 5, as well as their dependent claims, are found to be allowable because the prior art of record neither teaches nor reasonably suggests the recitations found therein including the specific successive phases used in claim 1, and the longitudinal fissure provided in claim 5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Vogel (5155987), Premi (5680751), Schatton et al (5829706), Tamoto (6209298), Premi (2001/0003241), Ragnoli et al (2001/0013160), and Humml (2002/0174643) all teach what is well known in the yarn splicing art.
